Site One Landscape Supply, Arden, NC

\$10.00 per attendee or \$40 for the entire series

***Pending approval*:** Each individual course provides the following pesticide license category credits:

Dealer D : 2; Landscape L : 2; Demo/Research N : 2; Ag Pest Control O : 2; Private X : 2

*Each class also approved for 2 L Landscape License credits

**Learn the latest information about insect, plant disease and weed management in greenhouses, nurseries and landscapes and learn how to keep turf and trees healthy*

May 16 – 6:00 pm - 8:00 pm – Insect Pest Management Update

In this class we will learn about the new and emerging insect pests such as the Spotted Lantern Fly that are or might impact Western North Carolina.

June 13 – 6:00 pm - 8:00 pm – Plant Disease Pest Management Update

In this class we will learn about a new disease that is attacking maples, redbuds, dogwoods and other nursery trees as well as other emerging diseases.

July 11 – 6:00 pm - 8:00 pm – Weed Pest Management Update

In this class we will learn how to use less herbicides by managing turf and ornamentals better.

August 15 – 6:00 pm - 8:00 pm – Keeping Turf Healthy

In this class we will learn how to help turf resist pests by keeping the turf as healthy as possible. We will also learn about the latest pest issues.

September 19 – 6:00 pm - 8:00 pm – Keeping Trees Healthy

In this class we will learn about tree pests such as wood boring and leaf feeding insects as well as diseases that impact tree health in the landscape.
