

Science Bug

Supplies

String

Printer Paper

LEDs

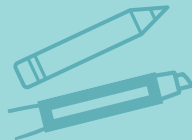

Watch Battery

Electric Tape

Colored Pencils or Markers (Optional)

Description

Learn from one of our 4-H Youth in Action Winners, Cassandra, how to make a light-up “Science Bug” necklace. Kids will learn about circuits and electricity as they practice lighting up LEDs.

Go on a Hike

Description

Go on a hike or go to the neighborhood park and draw the view. While there, walk around and write down what you see others doing. Discuss with your group or family what you saw. Was there trash or other damage people left behind?
